

Classic Mercedes E320 stretch limousine

A welcome support to our main wedding car fleet is this classic Mercedes stretch limousine. Solidly built as a wedding limousine in the early '70s (when Mercedes were a force to be reckoned with) this wonderful old warhorse has been completely restored and renovated and runs as well now as she did when she first left the production line.

This luxury vehicle is designed to carry up to 7 passengers in three rows and is perfect for transporting bridesmaids and the mother of the bride, with room enough for granny and the cat is necessary! The extra wide doors provide ample room to alight with great decorum, and, with the middle seats folded-down, a cavernous space is available for even the most voluminous of wedding gowns.

Finished in old English white to harmonise with our beautiful Beauford bridal cars, this is the perfect vehicle to make sure that everyone enjoys getting to the church on time together on the Big Day. As with the parents of the bride's couple would no doubt agree: "Some things only get better with age".

This is the actual vehicle owned by us
