

Rolls Royce Silver Shadow mark 1

As an excellent alternative to our own Beauford or Mercedes bridal car, the 4 seater Rolls Royce Silver Shadow (circa 1968) has strictly limited availability – *first come, first served*. This genuine classic icon is the epitome of 60's chic and bridges the divide between the vintage opulence of the Beauford and the sophisticated cool of the modern Mercedes S class.

Although restricted to a maximum of 4 passengers, there is nothing to beat the sumptuous luxury of a classic Rolls Royce for delivering its precious cargo on the most important day of a young woman's life. Finished in Windsor blue with matching leather upholstery, this true enthusiasts' car has been lovingly maintained to a high standard and offers the ultimate in supreme craftsmanship and unrivalled elegance. The Rolls Royce is easily one of the most popular wedding vehicles in use today.

When booking this car please ensure that your precise requirements are made clear to us, as there is often a mileage restriction on our older vehicles. This bridal car is available with an attending matron if required.

Please bear in mind that even though they are properly and regularly serviced, older vehicles such as these are more likely to break down. We must therefore refer you to our full terms and conditions at www.ChauffeurDriveSwansea.co.uk, which allows us to provide an alternative car if the need arises.

Cars shown may not be those actually available for hire
